

• **ROI SNAPSHOT**

Here's what card fees are really costing you.

A straight comparison of what a \$100,000/month business pays today versus what it pays on our Cash Discount program — the same sales volume, a very different bottom line.

PAYING TODAY**\$36,000**

per year — \$3,000/month lost to card processing fees

**WITH CASH DISCOUNT****\$0**

card customers cover their own fee — you could keep up to 100% of revenue

Based on **\$100,000/month** in card sales at an average **3%** processing cost. Your actual number is confirmed from a real statement, free.

Why businesses switch to U.S. Payment Solutions

**Cash Discount Program**

Reward cash-paying customers, and let card customers cover their own processing cost. Your business pays \$0 in fees.

**Aggressive Processing Rates**

Some of the most competitive rates in the industry on any transactions that run through your account.

**Modern Equipment**

Current-generation credit card terminals and POS systems, included as part of the program.

**Local Rep & Support**

A real person you can call, not a ticket queue — support you can actually rely on.

**U.S.-Based Company, for U.S. Businesses**

A U.S.-based team built around the businesses that make up your community — not an offshore call center.

✓ No long-term contracts

✓ Setup in about a week

✓ Cancel anytime, no hidden fees

Get Your Free Savings Review**U.S. Payment Solutions**(512) 588-2312 · info@uspaymentsolutions.com

U.S. Payment Solutions is not a bank, a payment processor, or a provider of legal advice. The figures above are an illustrative example based on a \$100,000/month, 3% processing-cost scenario and are not a guarantee of results. Your actual savings depend on your card mix, ticket size, program type, and state. Program availability and structure vary by business category.
